

Are you interested in:

1. Reducing your home's "energy footprint"?
2. Improving your home's safety and comfort?
3. Saving money on your home's energy bill?

**PAREI's "Whole House Services"
offers the answers!**
(Select one or more of the following.)

As a PAREI Member you receive:

- A. Tips & Guidance on how to make a commitment to life style changes to conserve resources.
- B. Electric use evaluation to lower your home's electricity use.
- F. Evaluation of Solar Energy options for your home.

As a PAREI Home Energy Audit participant you receive a BPI Blower Door test:

- C. Indoor air quality testing to determine carbon monoxide levels at appliances.
- D. Evaluation of your homes insulation and air sealing requirements.
- E. Evaluation of your homes heating system and water heating system efficiency.

1. **Become a PAREI Member:** See www.plymouthenergy.org for a membership application. Mail it to: PAREI, PO Box 753 Plymouth, NH 03264. On the application check off that you would like "An Energy Assessment Planning Session – introductory level free energy audit". Call 603-536-5030 for more info.
2. **All ready a PAREI Member? Consider scheduling a Blower Door Energy Audit by Contacting:** Bob Reals at (603) 254-7924 or weatherize@plymouthenergy.org
3. **Energy Audit Includes:** Three hours of testing including a Blower Door Test and an Infrared Camera Thermal Scan. It will be conducted by a BPI trained PAREI Energy Analyst. Following the audit you will receive a written report. You will also have the option to have a follow up session, by phone or in person, to discuss a priority list of recommended improvements for your home. Each recommendation will fall into one of two categories; DIY project or professional projects...both of which PAREI can supply support and resources.
Cost for Energy Audit: \$150 -- a \$350 value – currently subsidized by money from the Greenhouse Gas Emission Reduction Grant. PAREI is offering this subsidized audit to PAREI members who are eager to learn more about their home's energy efficiency and are committed to making their homes more energy efficient.
4. **Housewarming Program:** PAREI now has a third option for completing weatherization projects on your home...that is participating in our new neighbor helping neighbor housewarming project where you help two or three other homeowners and they in turn help you. This effort will be coordinated / overseen by one of PAREI's auditors and will include trainings for basic weatherization tasks. As a housewarming participant you receive up to \$500 in material costs (NH Electric Co-op donated) for the chosen project. **(Members can sign up for a grant subsidized audit without participating in the Housewarming program.)**
